<b>Application Service Provider:</b> InterCommerce Network Services, Inc.	

### Service Description:

InterCommerce Network Services (INS) – eMAV is a web-based application, which will enable registered users to electronically submit their application for the Minimum Access Volume (MAV) license, and upon approval of the commodity allocation, and submit MAV Import Certificate (MAVIC), to the MAV Secretariat/Department of Agriculture.

### Use of Service:

Client will use the Services in accordance with applicable law, including data privacy laws, and the terms of conditions of use for said service as may be published by InterCommerce in its portal. InterCommerce may terminate access or take other actions it reasonably believes to be necessary to comply with the law or prevent damage to InterCommerce systems or customers or disruption of other InterCommerce customers' use of the affected Service. Client is responsible for obtaining, installing and maintaining the necessary equipment (computer and printer) and communication services (Internet) necessary to access and use the Services.

The use of the eMAV service shall be on a fee-for-service, at P100.00 per approved MAVIC only.

Client is also accountable for the designation of the Users and the Company's availment of the service. It is the sole responsibility of the Client to notify Intercommerce in writing on the activation or termination of User's access to the system. Unless UserIDs and Passwords are terminated, users who may no longer be connected with the company or have been reassigned to perform other functions shall continue to have access to confidential import transaction data of the client.

Client also holds InterCommerce free and harmless from any liability arising from any access by the Users to the system whether arising from the Company or from any third party.
